| Carolyn Abbisogni (CA) | Chief Executive Officer | Chloe Thorpe (CT) | Personal Assistant |
| | | | |
| **Apologies for Today's Meeting**: Arif Supple, William Hunt, David Wade, Michael Chapman, Claire Garbett | | | |

| Agenda Item | Action |
|---|---|
| ***Welcomes made-***<br>• Mark Gray welcomed everyone- Dr Supple sends his apologies and Leslie Driscoll has attended the meeting on his behalf.<br>***Conflicts of interests-***<br>• None declared at this meeting.<br>***Minutes of last meeting-***<br>• Malcolm Railson is recording meeting with Chloe Thorpe taking notes. There were no minutes from the previous Board meeting as wifi was down at the last meeting location. | |
| ***Risk register-***<br>• No changes, no review required during this meeting.<br>***Hempsons update on SDA contracts-***<br>• Hempsons have reviewed the GMS contracts. The primary concern raised by Hempsons was the potential GMS breach if practices didn't deliver the SDA specification; this could risk GMS contracts, and this risk needs to be addressed.<br>• No attendees from the ICB were present for today's meeting.<br>• It was noted by Simon Ellis that there should be direct engagement with the ICB and Hempsons to rectify the wording issues, The group agree that SE would liaise with Kate Hughes from Wellingborough and they would ask the LMC to instruct Hempsons for suggested amendments in the GMS variation wording to mitigate this risk. Practices also agreed that SE/KH would instruct the LMC to use the SNO as the 1st point of contact for any further feedback/questions. Carolyn Abbisogni and Mark Gray to work with 3Sixty on the wording to go to the LMC and Hempsons. **ACTION**: **Mark/ Carolyn** | **SE**<br><br>**MG/CA** |

| | |
|---|---|
| ***Finance and Digital-***<br>• ICB have funded the pilot project with the amount of £20,000 of the total £30000 so far.<br>• It was noted the development budget was nearly used, with little/no remaining contingency for other costs.<br>• The group was asked if some of the active programme board members could review their costs and would they be willing to try and reduce their claims. Simon Ellis highlighted the importance of practice representatives still attending SDA meetings. Practices agreed to attending after the development fund was spent.<br>• ICB will not provide any additional funding to the pilot development.<br>• Malcolm Railson expressed he is happy to continue with Brackley and Towcester and claim less.<br>• Helen Barrett asked if the PPG have been added into the costs; PPG wouldn't usually be paid. **ACTION: Practice Managers to make that clear in the next PPG meeting.**<br>• Malcolm updated that the Dashboard is on track to go live on 1st April with the understanding that not all aspects will not be at 100% capacity. | **All Practice Managers** |
| ***IT and Estates-***<br>• IT infrastructure and systems still require some development and adjusting.<br><br>***Innovation budget-***<br>• There are sufficient funds to cover all the core and main cost to deliver SDA. There is no contingency based on current assumptions.<br>• Policy needs to be developed regarding no overtime, locum use and agency use prior to approval and careful rota management. Provisional financial plan includes locum rates to cover sickness- **Action?**<br>• There is no capital funding for equipment- practices will need to cover costs.<br>• Concerns were raised about the ICB payment process. Payment for this pilot will be in arrears. Funding to be paid monthly to the SNO and practices will invoice for their costs. Concerns from the practices regarding previous long delays in the ICB reimbursing practices for work they have done. Follow up with the ICB regarding payment guarantee for the pilot.<br>• **ACTION: look at clinical workforce costing- Malcolm Railson to action**<br>• Everyone in agreement with costing of £11,000 cap for reimbursement and practices can top it up if needed from GMS funds depending on the type of work clinicians are employed to do; ie SDA alone vs SDA/LTC.<br>• Carolyn highlighted at the last meeting it was discussed about the GP admin, discussions on a pooled admin for support for referrals and results.<br>• Carolyn asked everyone their views on the GP admin time. 1hr 15min per session after patient contact. Thoughts that this should be sufficient but to reassess after 2-3 months go live. | **MR** |
| ***SDA capacity-***<br>• Ongoing- will be good to know what days the HUBS are free and information regarding days. Details on dashboard. **ACTION: MR to update current status.**<br><br>***Recruitment & Interviewing***<br>• Action-confirm a clause for the buyback details or a BMA contract- separate meeting. SNO to request written details of buyback specification from the ICB. ACTION: **Carolyn/ Amanda P**<br>• Carolyn to get advice from PML HR Director. **ACTION: CA.**<br>• Buy back will be reimbursed but there will have to be evidence given to the ICB<br>• Mark gave an update regarding employment of the GPs; two GPs have been employed. One to Brackley one to Grange Park. If any more trainees are taken on, please notify the group.<br>• Simon Ellis asked relating visa sponsorship. Mark said there is a cost and licences needed. **ACTION: MG**<br>• A separate meeting will need to be scheduled to compile new contracts for recruits and a change of wording for existing staff- **ACTION: Practice Managers/CA** | **MR**<br><br>**CA/AP**<br><br>**CA**<br><br>**MG**<br><br>**PM's/CA** |
| ***Complex care & long term conditions-***<br>• No formal plan, there are ideas and discussions due to take place regarding this. Plans for enhanced frailty offering over time. ?Complex patient session in hub. Quick wins to start (post discharge, remote monitoring are possibles). | |
| **VCSE update-**<br>• Helen Barrett discussed partnership working and how the pilot can engage, further conversation regarding effective relationships.<br>• Asked the meeting to think about experiences and questions regarding what people want happening from the service they can offer. They have been involved with 43 pilots which has had a positive impact on admissions. Helen to forward examples of current VCSE/Primary care work going on in different areas of the country. | |
| **AOB-** None | |
| **Next Meeting: Tuesday 24th February, 2026 – 15.15 – 17.00 hrs**<br>**Venue:** Goshawk Room, Bragborough Hall Business Centre, Welton Road, Daventry, Northants NN11 7JG | |
